ABOUT ME

I'm Eduard Teller, a Full-Stack Software Engineer studying at TalTech. Passionate about web and mobile development, AI, and blockchain. Seeking an internship or full-time opportunity to learn and contribute.

EDUCATION

Tallinn University of Technology

Sept 2022 - Present

Bachelor of Hardware Development and Programming

EXPERIENCE

Fullstack Engineer, KooliTech - Software for Schools

March 2024 - Present

- Built a desktop app using Electron, TypeScript, and React.
- · Developed a web client with React and Vite.
- Designed and built a landing page for KooliTech using Next.js and Tailwind CSS.

Fullstack Engineer, NeoSec - Landing Page

Dec 2024 - Jan 2024

• Designed and developed a modern landing page using Next.js, React, and Tailwind CSS.

Fullstack Engineer, Kahoot! Clone

March 2024 - April 2024

- Created a dynamic and responsive frontend using React and Tailwind CSS.
- Developed a backend with Node.js and Express to manage data and business logic.
- Integrated WebSockets and RESTful APIs for real-time communication between server and clients.

Backend Engineer, Advanced Calorie Manager

February 2024 - May 2024

- Designed a lightweight and efficient SQLite database to store and retrieve user data.
- Developed smart backend logic to manage data flow between the app's interface and database, ensuring smooth performance.

Fullstack Engineer, Web Forum Inspired by Reddit

- Built an interactive forum using React, TypeScript, and Tailwind CSS for a modern and smooth user experience.
- Developed a fast and reliable backend with Node.js, Express, and WebSockets, ensuring realtime communication.
- Successfully deployed the application on DigitalOcean, making it accessible online.

RELEVANT COURSES

- Web Technologies (ICD0007)
- Data Security and Cryptology (ICA0003)
- Programming II (IAX0584)
- Algorithms and Data Structures (IAS0090)
- Software Engineering (IAS0110)
- Software Project (IAS1410)

RELEVANT SKILLS

- General Skills: Teamwork, Problem solving
- Programming Languages: JavaScript, TypeScript, Python3, C#, C
- DevOps: Git, Github, Docker, CI/CD
- Databases: SQL, Sqlite, PostgreSQL, MongoDB.
- WebDev: HTML5, CSS, TailwindCSS

ADDITIONAL INFORMATION

- Languages: English, Estonian, Russian.
- Certifications: Certificate in Advanced English (Cambridge Assessment)
